

Carpooling and Transportation

If you would like to explore the possibility of carpooling with other parents, The Hun School will provide contact information for other Hun School families living in your area. Please contact Carly LaManna in the Admissions Office.

If you are interested in contracting directly with a local van service that provides pick-up and drop-off services in your area to and from the School, we have identified the following company that provide these services for students at other local independent schools. Often these services are effective when parents group together to share the cost of the route.

- Way2Skool - www.way2skool.com - Email: info@way2skool.com - Phone: [856-726-1008](tel:856-726-1008) - provides pick-up and drop-off services for students living in Mercer, Middlesex, Monmouth, and Burlington Counties

If your student will be a day student from New Jersey and you have not completed the B6T transportation form, please complete the attached [B6T](#) form and return it to Michele Schenk in the Dean of Students Office. The B6T is required for eligibility for bus transportation or reimbursement.

Any additional transportation questions can be directed to micheleschenk@hunschool.org, or 609-921-7600, ext2232.
